Equipment under consideration is not part of a system and is not delaying  
any other project. Special [ ] photographic material is necessary  
for the operation of the Printer Processor. Since this purchase is a  
fixed price contract and since no increase in price is involved, it is  
recommended that the time extension be approved.

Subject: Request for Extension of Delivery

Gentlemen:

We request an extension of delivery date for the referenced contract to 31 May 1968 per previous discussions with the contracting officer and the technical representative.

This extension is required to obtain all of the necessary imaging materials from related contracts to be used with the deliverable equipment, and for adjusting the equipment to best employ these materials. A substantial delay in obtaining these imaging materials was caused by the recently settled strike [Redacted]. The delivery date requested adequately reflects the time now needed to produce these materials in sufficient quantities, evaluate the equipment with the materials and make modifications to the equipment as required for final delivery.

25X1

No price increase is requested with this extension.
